

MARYLAND OPEN SOURCE TEXTBOOK *Initiative*

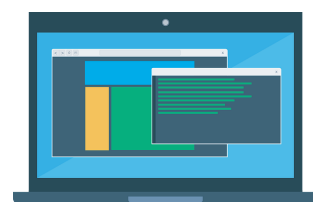

WHAT IS **M.O.S.T.**?

The Maryland Open Source Textbook (M.O.S.T.) initiative supports long-term, statewide scaling and sustainability of open educational resources (OER) to increase access, affordability, and achievement for Maryland higher education students.

EXPLORE RESOURCES & FIND SUPPORT...

Visit www.oer-maryland.org to get started with OER, measure OER impact, and find support to sustain your OER initiative.

...FOR FACULTY

Resources to help you curate, adopt, and create OER; get professional development on teaching with OER; conduct research on OER; and find tools and information from the field.

...FOR INSTITUTIONS

Resources to support your institution's OER scaling and sustainability efforts to address access, affordability, and success for students.

...FOR STUDENTS

Resources to help you advocate for OER with faculty, institutional leaders, and state legislators.
